Step into the charm of yesteryear with this character bungalow, believed to have been built between the 1920s and 1940s. Featuring 4 bedrooms – 2 up and 2 down – this home offers classic design paired with spacious living areas. The main floor includes a formal dining area, a generous living room, and an updated full bath that blends modern touches with the home's original character. Some of the historic details remain, including the original fir wood window trim and original cupboards beneath updated paint. The finished basement expands your living space with a large family room, a flex room perfect for an office area, two additional bedrooms (including one oversized), a laundry room, and a half bath with roughed-in plumbing for a future shower. The home was built with durable plaster-over-drywall construction, reflecting the quality craftsmanship of its era. Outside you'll find a 14' x 22' garage/shed with power, providing extra storage or workspace. Recent updates include a new dishwasher and stainless steel appliances, allowing you to move in and enjoy while you plan your finishing touches. A wonderful opportunity to own a piece of history and make it truly your own! Zoned R2 permitted uses includes accessory residential buildings.
